Dear Professor Lederberg:

I am very sorry indeed that you do not feel that you will be able to attend our Bio-Statistics Conference. I appreciate your suggestion of Dr. Ryan. I know that the man is a good one. I have acted on same and am writing Dr. Ryan. It is possible that when the conference is actually in progress you may have a chance to come down. I hope so, in any case.

Sincerely yours,

  
John W. Gowen
